

HAMMAD ALI

Senior Odoo Developer | Odoo Technical Lead | Python | ERP Integrations

Lahore, Pakistan | +92 320 248 5828 | hammadali4858@gmail.com | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

PROFESSIONAL SUMMARY

Senior Odoo Developer and Technical Lead with 3+ years of hands-on experience delivering production ERP solutions across Odoo 14-19, Community and Enterprise. Strong in Python/Odoo backend development, OWL/JavaScript, portals, REST/API integrations, Accounting, Sales, CRM, Inventory, MRP/BOM, HR/Payroll, PostgreSQL, security and Linux/Odoo.sh deployments. Promoted to lead a team of 3 Odoo developers and 1 functional consultant while remaining hands-on in architecture, code review, requirements and delivery. Experienced in client-facing implementations, multi-branch systems, payment integrations, manufacturing workflows, migrations and production support.

CORE TECHNICAL SKILLS

Odoo / ERP: Odoo 14-19, Community & Enterprise, ORM, custom modules, XML/QWeb, OWL, JavaScript, portals/controllers, ACLs, record rules, multi-company security

Functional: Sales, CRM, Purchase, Inventory, Accounting, Payments, MRP/BOM, HR, Payroll, Attendance, Time Off, Projects, Timesheets

Backend / Data: Python, PostgreSQL, SQL, REST APIs, Flask, Django, Pandas, cron jobs, batch processing, threading/multiprocessing

Reporting / DevOps: QWeb PDF, XLSX, OWL dashboards, Chart.js, SQL reports, Odoo.sh, Ubuntu/Linux, Nginx, systemd, SSL/Certbot, GitHub Actions CI/CD, Postman, automated tests

PROFESSIONAL EXPERIENCE

Senior Odoo Developer | TTI Testing Laboratories | Lahore, Pakistan **May 2026 - Present**

Own Odoo 18 development and production support across four branches, working directly with business teams on architecture, automation, integrations and security.

Built an employee self-service and attendance ecosystem for 250+ employees across Lahore, Karachi, Sialkot and Faisalabad, including portal access, attendance/leave analytics, Gantt-style views, KPIs and Excel export.

Developed a field-sales portal for ~15-20 salespeople and 5-7 managers covering visits, CRM leads, targets, sales orders, invoices, collections and territory-based visibility; wrote controlled batch backfill logic for 54,000+ historical records.

Designed bidirectional testing/certification integrations and multi-source CRM lead APIs from website, GoHighLevel and forms with authentication, deduplication, source tracking and automated team/salesperson assignment.

Built employee loan and salary-advance workflows linking Accounting, Payroll and portal self-service, with installment scheduling, deductions and analytics.

Handle PostgreSQL/SQL optimization, access controls, Odoo.sh deployments, production troubleshooting and regression testing.

Odoo Team Lead | Aetos Technologies | Lahore, Pakistan **Jan 2026 - Apr 2026**

Promoted from Odoo Developer; led 3 developers and 1 functional consultant while remaining hands-on in technical delivery.

Owned task assignment, code reviews, technical architecture, requirements discussions, mentoring, sprint/delivery planning and production readiness.

Led ClearPath Orthodontics Odoo 18 delivery across Doctor Portal, Sales, advance payments, MRP/BOM, Inventory, shipping and multi-location attendance; supported ~200 doctors/clinics and ~250 orders/day.

Worked with functional and business teams to translate operational requirements into secure, maintainable Odoo workflows and portal experiences.

Odoo Developer | Aetos Technologies | Lahore, Pakistan **Jan 2025 - Dec 2025**

Led Axis Marketing Management on Odoo 19 with two junior developers, covering CRM, Meta lead synchronization, contract/license renewals, customer portal, employee portal, attendance and timesheets.

Built a Mastercard Hosted Checkout payment provider for Odoo 17/18 covering transaction creation, redirect, callback verification, payment states and invoice reconciliation; production volume ~200 payments/day.

Built and supported custom Sales, Accounting, Inventory, Manufacturing, portal and external API integrations across multiple client ERP implementations.

Python / Odoo Developer | Axiom World | Lahore, Pakistan

Aug 2023 - Jan 2025

Led Silicon Signs manufacturing customizations including client-specific BOM versioning/comparison, BOM reuse/version selection, MRP, Sales, Inventory and custom reporting.

Implemented RingFree REST integration for metered service billing, monthly invoice generation, payment/bank synchronization and financial reporting.

Built Fell ERP operational reporting for sales orders, purchase orders, delays, pending payments and unreported orders, including scheduled reporting, notifications and SQL/report optimization.

Contributed to Odoo 16->17 HRMS migration covering Employees, Payroll, Loans, HR Tax, code/data migration and regression testing.

SELECTED INDEPENDENT & CLIENT PROJECTS

Pavo OMS Mobile Ordering & Odoo Bridge

Mar 2025 - May 2025

Odoo 17 | React Native | REST APIs | PostgreSQL | DevOps

Led Android/iOS mobile ordering and Odoo integration, with products, customers, inventory and orders synchronized to Pavo OMS.

Designed Odoo as a resilient bridge/fallback so orders remain managed when the external OMS is unavailable, then synchronize after recovery.

Deployed production infrastructure on IONOS using Ubuntu, PostgreSQL, Nginx, SSL/Certbot, systemd, backups and GitHub Actions CI/CD.

Prime Global Imports ERP

Jul 2025 - Dec 2025

Odoo 18 | Python | PostgreSQL | QWeb | Linux/DevOps

Owned independent end-to-end ERP customization across Sales, Purchase, internal users/access, sales-representative management and reporting.

Customized Odoo Community UI with enterprise-style home navigation/sidebar and tailored sales/invoice QWeb reports.

Managed server deployment and operations including Ubuntu, PostgreSQL, Nginx, SSL, systemd, backups, DNS and CI/CD.

Silicon Signs Manufacturing ERP

2024

Odoo | Python | PostgreSQL | MRP/BOM

Developed a BOM version-control and comparison system that checks for similar BOMs, supports new versions, and enables client-specific BOM selection for manufacturing.

Integrated BOM decisions with Manufacturing, Sales and Inventory to improve production traceability and reuse of existing structures.

RingFree Metered Billing Integration

2024

Odoo 16 | Python | REST API | Accounting

Integrated RingFree service-usage data with Odoo to generate metered bills, monthly invoices, payment/bank synchronization and financial reports.

ADDITIONAL EXPERTISE

Accounting: invoices/credit notes, payments, journal entries, reconciliation, taxes/withholding, payment terms, bank/cash workflows and multi-company accounting.

Security: ACLs, record rules, groups, portal security, field/view restrictions, user-specific visibility and multi-company access.

Delivery: Git branching, pull requests, code review, merge/rebase/conflict resolution, staging databases, Odoo automated tests, Postman and production support.

EDUCATION

Bachelor of Science in Computer Science | Lahore Garrison University

Jul 2019 - Jul 2023
