PROFESSIONAL EXPERIENCE

Senior Odoo Developer | TTI Testing Laboratories · Hybrid **May 2026 - Present**

- Independently own Odoo 18 development, customizations, maintenance, bug fixing, performance optimization, integrations, security and Odoo.sh deployments across four branches.
- Built an employee self-service platform for 250+ employees covering attendance, leave, timesheets, tasks, payslips, loans, documents and profile information with role-aware access controls.
- Built the OWL/JavaScript Attendance Dashboard & Leave Gantt with live KPIs, charts, drill-downs, click-to-edit, Excel export, timezone/schedule handling and optimized single-RPC data loading.
- Built a Field Sales Portal for ~15-20 salespeople and 5-7 managers with territory hierarchy, visits, CRM leads, targets, orders, invoices, collections and secure team visibility.
- Wrote migration/backfill scripts for 54,000+ historical sales records and related invoice/payment mappings using batch processing and validation.
- Designed bidirectional testing/certification integration and multi-source CRM ingestion from website, GoHighLevel and forms with Basic Auth, duplicate detection, source tracking and automated assignment/stages.

Odoo Team Lead | Aetos Technologies · Hybrid **Jan 2026 - Apr 2026**

- Led 3 Odoo developers and 1 functional consultant; handled task assignment, code reviews, architecture, requirements, mentoring and delivery planning.
- Led Axis Marketing Management on Odoo 19 with two junior developers across CRM, Meta lead sync, contracts, license renewals, customer portal, employee portal and automated notifications.
- Led ClearPath Orthodontics ERP across Doctor Portal, advance payments, Sales, MRP/BOM, Inventory, employee portal and multi-location ZK attendance customizations.
- Led the Sage-Odoo accounting integration using Python/Flask and REST APIs for invoices, customers, payments and reconciliation.

Odoo Developer | Aetos Technologies · Lahore, Pakistan **Jan 2025 - Dec 2025**

- Built an end-to-end Mastercard Hosted Checkout provider for Odoo 17/18 covering transaction creation, redirect, callback verification, transaction states and invoice reconciliation; production volume was ~200 payments/day.
- Developed Tazah sales lifecycle automation spanning quotation, delivery and payment, including operational reporting and workflow customization.
- Worked across Accounting, CRM, Sales, Inventory, Manufacturing, portals and external API integrations.

Python / Odoo Developer | Axiom World · On-site **Aug 2023 - Jan 2025**

- Led Silicon Signs manufacturing customizations (Oct 2024-Jan 2025) across MRP, BOM versioning/comparison, Sales, Inventory and reports.
- Personally implemented RingFree REST integration, metered billing, monthly invoicing, payment/bank synchronization and financial reporting.
- Contributed to Fell ERP with Sales reporting, daily operational reports, automated email notifications and SQL/report optimization.
- Contributed to Odoo 16->17 HRMS migration covering Employees, Payroll, Loans, HR Tax, data/code migration and testing.
