Profiles	Hammad Ali 4858hammad				
Summary	Skilled multitasker with superior work ethic and good teamwork, problem-solving and organizational skills. Willing to take on any task to help team. Reliable and dedicated team player with hardworking and resourceful approach.				
Experience	Aetos Technology				Feb 24 - Present
	Python Odoo Developer				
	- Led a team of Odoo developers to design, customize, and deploy ERP solutions across Sales, CRM, Accounting, and Inventory modules. - Oversaw end-to-end project lifecycles, from requirement analysis and technical architecture to deployment and post-launch support. - Coordinated with clients and teams to gather requirements, deliver solutions, and provide technical support.				
	Axiom world				Oct 23 -Feb 24
	Junior Python Odoo Developer				
	- Developed and customized Odoo modules using Python to meet specific business requirements. - Implemented various functionalities in Odoo, including sales, inventory, and accounting modules. - Designed and optimized database models to improve performance and data integrity. - Integrated third-party services and APIs to enhance the functionality of Odoo systems. - Conducted unit testing and debugging to ensure high-quality code and minimize errors.				
	Hazel Mobile				July 22-November 22
	Intern Android Developer				
	- Developed and maintained mobile applications using Java for Android. - Collaborated with cross-functional teams to design, develop, and launch new features. - Conducted thorough testing and debugging to ensure high performance and user satisfaction.				
Education	Lahore Garrison Universiy				July 19 - July 23
	Computer Science				Bacehlors
Tools	Github	Postman	Pycharm	Vscode	Android Studio
	Google Colab				
Skills	SDLC	Testing & Maintainance	Pandas	Numpy	Postgres SQL
	Knowlege	ORM	Docker		
Projects	Sage Integration				
	Modules: Accounting, Contacts, Company, Invoicing, API Integration				
	Customization: MasterCard Payment Provider				
	- Developed a custom connector to sync Sage data (invoices, customers, companies) with Odoo using a Flask-based API. - Automated invoice imports, partial payments, and reconciliation handling to ensure accurate financial records. - Mapped Sage fields to Odoo models with robust error handling, logs, and scheduled sync jobs for reliability. - Developed the Mastercard Payment integration for seamless payments for customers				
	Tazah Technologies				
	Modules: Sale, Purchase, Inventory,Accounting				
	Customization: Sale Order Flow Manager				
	Designed and implemented a custom Sale Order Flow module to automate and track the lifecycle of sales from quotation to delivery and payment.				
	PavoBixbox Web / App				
	<i>Technologies : Python , Django (Basic) , Firebase , Android app , Kotlin , Docker</i>				
	Developed a dockerized web application using Python and Django, enabling synchronization of orders, products, and customers with Firebase. Integrated product upload functionality and seamless management synchronization with an Android app (Kotlin) for real-time updates.				
	RingFree Integration & Customization				
	<i>Technologies : Rest API , Python ,Odoo</i>				
	Modules : Metered Billing , Sales , Accounting , Bank Payment Sync				
	Integrated Ringfree website to create metered bills for services used by customers.Generated reports and invoices for monthly bills.				
	Fell ERP Development				
	<i>Modules : Sale, Purchase, Inventory, CRM , Exceptional Reports</i>				
	Developed a custom module to create daily reports for sale orders, purchase orders, delayed orders, pending payments, and not reported orders.Automated email notifications to responsible persons based on these reports.				
	Hrms Bundle Conversion				
	<i>Modules: Employees , Payroll ,Employee loan , HR Tax</i>				
	Modules Conversion from Odoo 16 to 17. Modified payroll fields to handle complex salary structures, modified the loan management system to handle monthly installments, skip installments, and created reports to track loan statuses and repayments.				
	Warehouse Management Customization				
	<i>Technologies: Odoo, Python, PostgreSQL</i>				
	<i>Modules : Sales ,Purchase , Inventory</i>				
	Customized fields to capture additional sales-related information, tailored views to improve user experience, and generated custom reports for better sales insights.				
	Surgical Med Data Migration				
	<i>Modules : Sale, Purchase, Inventory, Contacts, Employee</i>				
	Migrated data from Odoo version 13 to version 16 ,Ensured all sales data including orders, invoices, customer details , vendor details, procurement data, inventory records, stock movements, and product information,contact details, customer information, and vendor contacts, employee records, payroll information, and employee-related data				
	Idea Pitching App				
	<i>Technologies: XML , Kotlin , Android, Firebase</i>				
	Developed an Idea Pitching App with Firebase integration, including a chat system for Investor & Pitcher real-time collaboration and feedback.				
	Showroom Ecommerce App				
	<i>Technologies: JAVA , XML , Firebase , RESTful API</i>				
	Implemented features for users to browse products, make purchases, manage orders, and interact with a real-time database using Firebase & API for backend services.				
	Tutor Hiring App				
	<i>Technologies: XML , JAVA , Android, Firebase</i>				
	Implemented features for tutors and students to connect through chat, schedule sessions, tutor demos, and manage payments securely using Firebase for real-time database and authentication.				
	System Professional Provider				
	<i>Technologies: HTML, MySQL, PHP</i>				
	Developed a web platform for managing service providers, featuring user registration, listings, and secure authentication. Optimized MySQL database schemas and queries for efficient data handling.				
	Simple CV-Maker				
	<i>Technologies: HTML , BOOTSTRAP , SQL , .NET MVC FRAMEWORK</i>				
	Developed a CV maker web application using HTML, Bootstrap, SQL, and .NET MVC Framework. Created a user-friendly interface for users to create and manage CVs stored in a SQL database.				
Certifications	Business Development				Jan 23 - July 23
	Lahore Garrison University				
	Docker Training Course for Absolute Beginners
